The Louisiana Department of State Civil Service received the 2014 Customer Partnership Award at the 13th Annual NEOGOV Training Conference.

The Customer Partnership award is given to an organization that continually provides valuable input, is open to sharing and helping others use the system features and is actively involved in NEOGOV user call discussions offering best practice tips and suggestions. State Civil Service uses NEOGOV as the technology platform for the LA Careers online application and applicant tracking system.

“NEOGOVS has over 1,300 customers including state and local government and educational institutions. It is an honor for State Civil Service to be selected for the 2014 Customer Partnership Award,” said SCS Director Shannon S. Temple. “I commend my staff for their constant dedication and commitment to providing the best possible service to job applicants and human resources offices around the state. Exchanging ideas and best practices with other NEOGOV customers is one of many ways State Civil Service strives to achieve our mission.”
